

United States of America
Department of Transportation Federal Aviation Administration
Supplemental Type Certificate

Number SP725NW

This certificate, issued to: Pacific Propeller International LLC
5802 South 228th Street
Kent, WA 98032-1810

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 35 of the Federal Aviation Regulations.

Original Product—Type Certificate Number: P-257
Make: Hamilton Standard
Model: 12D40

Description of the Type Design Change: Install barrel support block No. PPI 51462-10 in place of Hamilton Standard Part No. 51462 in accordance with Pacific Propeller, Inc. Drawing List o. 76018, dated February 7, 1979, or later FAA approved revision thereto.

Limitations and Conditions: Pacific Propeller Part No. PPI 51462-10 is limited to use in 12D40 hubs that have had the barrel, Hamilton Standard Part No. 50384, reworked to maximum inside diameter in accordance with Hamilton Standard Service Manual 110D.

If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: January 23, 1979

Date reissued: March 25, 2004

Date of issuance: February 28, 1979

Date amended: March 25, 2004

By direction of the Administrator
